- **LINK-OS Contact Program**

The aim of this project is to ease the integration of international students into life at Osnabrück University and to enable contact with German students.

Students from different faculties provide new international students with assistance by showing them the city, providing them with practical advice to ease them into life here and by introducing them to their friends. In other words, they make starting student life much easier.

The tutorship begins with a first contact (phone, e-mail) before each student arrives in Osnabrück.

For more information please see
www.uni-osnabrueck.de/?id=118

- **International cultural program JOIN-OS**

Each semester the International Office offers a varied culture program together with the International Office at the University of Applied Sciences Osnabrück. We offer several day trips to cities in the region as well as visits to the theatre, Christmas dinners, etc.

More detailed information is available at the following website:
www.join-os.de

The Language Center offers German courses for international students which are free of charge:

An intensive German prep course is offered in September each year:

City of Osnabrück

The peace city, Osnabrück, is the third largest city in Lower Saxony with 165,000 inhabitants. It is the only German city which is situated in a national park – the 'UNESCO Geo park TERRA.vita', which includes the Teutoburg Forest and the 'Wiehengebirge'.

Osnabrück is a university and diocesan city and both, the German Foundation for the Environment and the German Foundation for Peace Research, are based here. As Osnabrück is the city of the Peace of Westphalia and the home city to painter Felix Nussbaum and writer Erich Maria Remarque, it has committed itself to the idea of peace.

The history of Osnabrück began in 780, when the Emperor Charlemagne founded a mission on the banks of the River Hase. In 1002, the Bishop of Osnabrück was granted a charter to hold a market, mint coins and collect customs dues. Osnabrück developed, as a member of the Hanseatic League from 1412 to 1669, into a cultural and commercial centre open to the world. The city now enjoys both formal and informal links with many parts of the world, including Angers (F), Çanakkale (TR), Derby (UK), Evansville (USA), Gmünd (A), Greifswald (D), Haarlem (NL), Kwangmyong (ROK), Twer (RUS), Vila Real (P) and Hefei (VRC).
